P19. Formation of Landscape Display Area, Erection of Office Building and Storage Building, Car Parking and Associated Infrastructure at Klondyke Garden Centre, Burnside Nursery, Polmont, Falkirk, FK2 0XS for Klondyke Group Ltd - P/20/0134/FUL

The committee considered a report by the Director of Place Services on an application for the formation of landscape display area, erection of office building and storage building, car parking and associated infrastructure at Klondyke Garden Centre, Burnside Nursery, Polmont, Falkirk, FK2 0XS for Klondyke Group Ltd – P/20/0134/FUL.

Decision

The committee granted planning permission subject to the following condition(s):-

1. The development hereby approved shall be implemented in accordance with the plan(s) itemised in the informative below and forming part of this permission unless a variation is required by a condition of the permission or a non-material variation has been agreed in writing by Falkirk Council as Planning Authority.

2. i. No further development shall commence on site unless otherwise agreed with the planning authority until a contaminated land assessment has been submitted and approved. The assessment must determine the nature and extent of any contamination on the site, including contamination that may have originated from elsewhere. Any potential risks to human health, property, the water environment and designated ecological sites should be determined. The contaminated land assessment must be approved in writing by the Planning Authority.

ii. Where contamination (as defined by Part IIA of the Environmental Protection Act 1990) is encountered, a detailed remediation strategy should be submitted to the Planning Authority demonstrating that the site will be made suitable for its intended use by removing any unacceptable risks, caused by the contamination. The scheme must be approved in writing by the Planning Authority.

iii. Prior to the commencement of further development of the site, the remediation works must be carried out in accordance with the terms and conditions of the remediation scheme, and as agreed by the Planning Authority. No part of the development shall be occupied until a remediation completion report/validation certificate endorsed by the relevant parties have been submitted to and agreed in writing by the Planning Authority.

iv. If unexpected contamination is found after development has begun, development of the affected part of the site must stop. The developer must notify the Planning Authority immediately and carry out a contaminated land assessment, and undertake any necessary remediation works, before development of the affected part of the site may continue.

Reason(s):-

1. As these drawings and details constitute the approved development.

2. To ensure the ground is suitable for the proposed development.

Informative(s):-

1. In accordance with section 58(1) of the Town and Country Planning (Scotland) Act 1997 (as amended), this permission lapses on the expiration of a period of 3 years beginning with the date on which this permission is granted unless the development to which this permission relates is begun before that expiration.

2. For the avoidance of doubt, the plan(s) to which this decision refer(s) bear our online reference number(s) 01 - 05 and Supporting Documents.

3. The applicant shall ensure that noisy work which is audible at the site boundary shall ONLY be conducted between the following hours:

Monday to Friday	08:00 - 19:00 Hours
Saturday	08:00 - 13:00 Hours
Sunday / Bank Holidays	No noise audible at site boundary

Deviation from these hours of work is not permitted unless in emergency circumstances and with the prior approval of the Environmental Protection Unit.
