EX110. Referral from Corporate Partnership Forum

The Executive considered a report by the Director of Transformation, Communities & Corporate Services which referred matters from the Corporate Partnership Forum for approval.

The Adverse Weather Policy was intended to assist managers in implementing a sensible and caring approach to individual employee circumstances during periods of adverse weather, whilst balancing this against the need to maintain the provision of services. The policy had been updated to:-

- reflect changes in terminology, for example, new communication platforms (such as Viva Engage) and the Council's Hybrid Working Policy.
- align with the amended Organisational Severe Weather Plan, including revised guidance on applying weather warnings.
- include revised school closure guidance in line with guidance from Education Services.

Decision

The Executive approved the updated Adverse Weather Policy for immediate implementation.
